This is the Keystone Channel of the Historic Rideau Canal connecting the Rideau System to the north toward Ottawa and the Cataraqui System to the south toward Kingston.

Parallel the old embankments of the Brockville and Westport Railway along historic “Stone Road.” Pass beautiful stone farm houses. Pause to view the vista across Upper Rideau Lake and on to the village of Westport.

You've had an easy peddle to this point. Forget about flat land and straight roads for the next 80 Km. Leave the St. Lawrence Plain and peddle up a long, steep hill onto the rugged granite landscape of the Canadian Shield. The scattered farms of some Irish settlers persist on pockets of rich soil. Much of the land that once was cleared is now being reclaimed by native forest of pine and maple and fauna such as white-tailed deer, red-tailed hawks and even the occasional black bear.

Cross from Leeds County into Lanark County and the community of Bolingbroke

Upper Rideau Lake and Westport Mountain, the Front of the Shield and the Rideau Fault Line.
